

GIVE IT A BRAKE

With ACDelco there is a way to make certain hydraulic brake pipe repairs easier. New ACDelco GM Original Equipment (GM OE) hydraulic brake pipe kits can be used any time the entire brake pipe assembly must be replaced due to corrosion or wear. The 66 newly released part numbers meet GM OE specifications, are cost effective and simplify the service of 1999-2007 GM full-size pickup trucks and SUVs.

THE EFFICIENT SOLUTION

ACDelco hydraulic brake pipe kits are an efficient solution when replacing an entire brake pipe assembly. Please note these kits do not include the rear axle crossover pipe and are not intended for the repair of a single damaged brake pipe.

BENEFITS

- GM OE quality and specifications
- Pre-formed and pre-flared to aid in installation
- Nylon coating for better corrosion protection

VEHICLE APPLICATIONS

- 2000 - 2006 Chevrolet Tahoe
- 2000 - 2006 Chevrolet Suburban
- 2002 - 2006 Chevrolet Avalanche
- 1999 - 2007 Chevrolet Silverado
- 1999 - 2007 GMC Sierra
- 2000 - 2006 GMC Yukon
- 2000 - 2006 Cadillac Escalades
